All Saints Respite Support Workers

What we provide.

- All Saints Respite is registered with the Care Quality Commission (CQC) to provide residential respite service for adults with a learning disability aged 18 years plus.
- All Saints Respite is currently rated as GOOD by CQC.
- London Borough of Merton commission the service, that means all referrals come from Merton Learning Disability Team and Transition Team.
- The service provides for up to 6 adults with learning disabilities including those with Autism, and adults with physical disabilities. The service is equipped to accommodate people with profound and multiple disabilities.

Respite Service Key Objectives

The key objectives of the respite service are:

- To provide respite for people with learning disabilities and enable carers to have a break from caring, reduce isolation and enhance the health, wellbeing and quality of the life of carers.
- To accommodate young people coming through Transition, where possible.
- To support people to enjoy better opportunities for independence and inclusion. The service is required to be person centred to meet service user's social, health and wellbeing needs.

What the building has to offer

- All Saints Road is a single storey bungalow with parking to the front for 3-4 cars, and a garden to the back.
- There are 6 single bedrooms, 3 at each end of the bungalow. Bedrooms have a fitted cupboard, bedside cabinet, drawers, TV, sink, profile bed and ceiling hoist.
- There are various toilets throughout the bungalow, along with a wet room, walk in shower and bathroom.
- There is a laundry room and office.

What the building offers.....

- There is a bright lounge that has a large smart TV, an Interactive projective flooring along with other activities.
- The garden can be accessed through the lounge and off the hallway.
- There is a dining room with additional sofa and TV, along with a computer and monitor for people to use.
- The kitchen has a low/high rise worktop to enable people in wheelchairs to get involved in food prep and cooking.

Assessment

When a referral is received from Merton, Belkis will make contact with you and arrange for you to visit the service.

Belkis will then carryout an assessment and talk to other people involved, to get as much information as possible.

The assessment may include other visits and over night stays.

If the service can meet all the identified needs a plan will be agreed and you will be informed.

If any additional needs are identified that require extra support, Belkis will talk to Merton and request appropriate funding to be included in the care plan or agreed by the Outcomes Forum.

Not everyone will be suitable to attend All Saints Respite, you will be informed if our service is not suitable.

Your respite allocation & bookings

- Merton will agree your respite allocation for the year.
- When you start using your allocation, All Saints will record each stay.
- Vibrance submits a monthly return to Merton who also monitor usage.
- An allocation can be used by booking directly with All Saints; staff will advise on availability and try to offer alternative dates if your preferred dates are already taken.
- Holidays or other plans should not be booked before a respite booking is confirmed as we can not always guarantee your first choice.
- Merton may identify emergencies, when this happens cancellations or changes to bookings may be agreed by Merton.
- All Saints respite is open 365 days a year 😊

Who pays?

- Merton funds the respite service but based on an individual financial assessment you may need to pay a contribution to Merton.

Any Questions?
